ORGANIZATIONAL BACKGROUND

Radiant Education Trust is a non-profit organization working with a focus on education and the development of children and underserved communities. The organization is guided by the belief that **"Every Child Deserves a Classroom"** and works towards expanding access to education and creating opportunities for children to learn, develop, and participate meaningfully in society.

Through its initiatives and activities, the Trust seeks to address barriers to education and support children and communities through structured educational and social development interventions. Its work is focused on creating inclusive learning opportunities and strengthening the educational ecosystem for children who may face social, economic, or other barriers to accessing quality education.

Radiant Education Trust works with communities and relevant stakeholders to support educational development and other initiatives aligned with its organizational objectives. The Trust aims to contribute to a more equitable society where children have access to learning opportunities and the support necessary for their overall development.

VISION

To become a leading educational and social development organization that empowers individuals through quality education, skill enhancement, innovation, and lifelong learning, creating a knowledgeable, skilled, and socially responsible society.

MISSION

- To provide accessible and affordable quality education to learners across India.
- To promote higher education, online learning, vocational training, and professional development programs.
- To bridge the gap between education and employability through industry-oriented courses and skill development initiatives.
- To support students, working professionals, and underprivileged communities in achieving their academic and career goals.
- To collaborate with reputed universities, institutions, and industry partners for educational excellence and social impact.
- To encourage innovation, entrepreneurship, leadership, and ethical values among learners.

OBJECTIVES

The objectives of Radiant Education Trust include promoting access to education, supporting children and underserved communities, strengthening learning opportunities, and undertaking initiatives for social and community development in accordance with the Trust's registered objectives and programme areas.

APPROACH

Radiant Education Trust adopts a **child-centred, inclusive, community-oriented, and participatory approach** to promote education and holistic development. The Trust focuses on identifying educational and social barriers faced by children and underserved communities and addressing these needs through structured education, learning support, skill development, awareness, and community development initiatives.

The Trust works in collaboration with **children, parents, communities, educational institutions, government agencies, volunteers, corporate partners, and other stakeholders** to create sustainable opportunities for learning and development. Its approach emphasizes improving access to education, strengthening learning outcomes, encouraging participation, promoting equal opportunities, and supporting the overall development and well-being of beneficiaries.

The Trust seeks to combine **education, capacity building, community participation, technology-enabled learning, skill development, and stakeholder partnerships** to create meaningful and sustainable social impact.

CORE VALUES

- Education for All
- Child-Centred Development
- Inclusion and Equal Opportunity
- Empowerment and Self-Reliance
- Dignity and Respect
- Community Participation
- Integrity and Accountability
- Collaboration and Partnership
- Innovation and Continuous Learning
- Sustainable Social Development

MAJOR ACTIVITIES

01

Education and Learning Support

- Promoting access to education for children from disadvantaged and underserved communities.
- Supporting children who face barriers to school enrolment, regular attendance, and continuation of education.
- Providing academic support, remedial education, foundational learning, and supplementary learning opportunities.
- Supporting children in improving their literacy, numeracy, subject knowledge, and overall academic performance.

02

Child Development and Holistic Learning

- Organizing activities for the intellectual, social, emotional, physical, and creative development of children.
- Promoting life skills, confidence-building, communication, creativity, teamwork, and leadership among children.
- Encouraging activity-based, child-friendly, and inclusive learning practices.
- Supporting extracurricular, recreational, sports, cultural, and creative activities for children.

03

Digital and Technology-Enabled Education

- Promoting digital literacy and technology-enabled learning among children.
- Supporting access to digital educational resources and technology-based learning opportunities.
- Encouraging the use of innovative learning tools to improve children's engagement and learning outcomes.

04

Community-Based Education Initiatives

- Working with communities to identify children facing educational and social disadvantages.
- Promoting community participation in children's education and development.
- Engaging parents, schools, volunteers, and local stakeholders to support children's learning and regular education.
- Creating awareness regarding the importance of education, school attendance, and continued learning.

05

Skill Development and Career Guidance

- Promoting vocational education and skill development opportunities for youth.
- Organizing career guidance and awareness activities for students and young people.
- Supporting employability, entrepreneurship, and livelihood-oriented learning.
- Facilitating access to training and development opportunities for youth from disadvantaged backgrounds.

06

Women and Vulnerable Community Empowerment

- Supporting initiatives for the empowerment and development of women and vulnerable communities.
- Promoting awareness, inclusion, dignity, and equal opportunities.
- Encouraging capacity building and self-reliance among disadvantaged individuals and communities.

07

Health, Nutrition and Well-being

- Conducting awareness activities related to health, nutrition, hygiene, sanitation, and disease prevention.
- Promoting the overall well-being of children and vulnerable communities.
- Supporting linkages with relevant health and welfare services wherever required.

08

Government Scheme and Institutional Linkages

- Creating awareness regarding government welfare schemes and public services.
- Supporting eligible beneficiaries in accessing relevant government programmes and entitlements.
- Collaborating with schools, government institutions, corporates, civil society organizations, volunteers, and other stakeholders.

09

Community Development and Social Awareness

- Organizing awareness and community development programmes addressing local social needs.
- Promoting social inclusion, community participation, and collective responsibility.
- Supporting initiatives that contribute to sustainable and equitable community development.

10

Environmental Awareness

- Promoting awareness regarding environmental protection and sustainable development.
- Supporting activities related to cleanliness, tree plantation, water conservation, waste management, and community participation in environmental protection.
